SUMMARY

Computer Science undergraduate passionate about **Software Development**, with hands-on experience in building full-stack web applications using React, Node.js, Express, MongoDB, Postgres. Comfortable working with modern web technologies and developing REST APIs, with a strong focus on learning and practical implementation.

EDUCATION

Bangalore Institute of Technology

Bachelor of Engineering in Computer Science (CGPA: 9.25)

Expected May 2028

Bangalore, India

Private Highschool , Kolhapur

Higher Secondary Education (Percentage: 85%)

May 2024

Maharashtra, India

TECHNICAL SKILLS

Languages: C, C++, JavaScript, HTML, CSS

Frameworks: Node.js, Express, MongoDB

Tools: Git, GitHub, VS Code, Postman, Thunder Client

Core Concepts: Data Structures (DSA), OOPs, Operating Systems, DBMS

PROJECTS

Movie Booking Application

- Developed a full-stack application with movie listing, seat selection, and booking system
- Built REST APIs for managing users, shows, and bookings
- Implemented real-time seat availability logic

Typed Document Converter (Handwritten → Digital)

- Built a system to convert handwritten PDFs into editable, regular typed pdf and searchable text
- Enabled export in multiple formats such as PDF, DOCX, and TXT
- Focused on accessibility and usability improvements

URL Shortener Application

- Created a backend service to generate short URLs from long links
- Implemented redirection logic and unique ID generation
- Designed scalable API structure for handling multiple users

LeetCode Metrics Tracker App

- Developed a web app to track coding progress and LeetCode statistics
- Integrated APIs to fetch user performance data
- Displayed metrics visually to help users monitor improvement

ACHIEVEMENTS & LEADERSHIP

Core-member, Oscore Technical Club: Organized and conducted **Technical workshops** and **Ideathon** to promote hands-on learning among students.

SAP Hackathon Participation: Advanced to the regional round of SAP Hackathon after clearing the college-level screening with a project-based solution. Demonstrated problem-solving, teamwork, and idea validation in a competitive hackathon environment.
